

FLOODS WORST IN HISTORY OF ALLEY.

High Water Record Exceeds All Overflow Marks for Forty-five Years. Practically Whole of Island Reclamation Districts are Inundated.

(BY THE ASSOCIATED PRESS—P.M.)

SACRAMENTO, March 25.—With practically all of the down-river islands under water at last report, only Grand, Sherman, Sutter and Merritt being safe, the worst flood in the history of this rich agricultural district, not excepting even those of 1862 and 1904, is now a matter of record.

On the Sacramento side of the river, Grand, Sutter and Sherman islands are the only ones not inundated, and on the Yuba side, Merritt stands as the single rock which has withstood the ravages of the water.

Even Pearson district, where the hardest fight ever made by river ranchers to save their lands has been going on for a week, is now submerged, and with the Merritt island front levee still standing, at least reports the struggle has been given up.

While from all points comes the word that "the worst is over," a vivid picture cannot be drawn of the awful destruction which has ruined crops and land worth millions of dollars temporarily out of commission.

The Pearson district back levee broke near Richland shortly before midnight Saturday, owing to pressure of water from the Terry breaks and the rise in the Mokelumne River. A message was sent to Sacramento this morning, asking that a relief boat be sent to the district to save the stock.

Since that time telephonic communication with Courtland and all other down-river points has been cut off, and nothing more has been heard from the flooded district.

The steamer Fruto has been sent to Pearson district on a mission of relief and she is momentarily expected to return with a cargo of the stock rescued from Pearson lands.

The Pearson district is one of the chief dairy parts of the county, and although the residents are making a desperate effort to protect their cows and cattle until help arrives it is probable that many hundreds will be lost.

The water was reported to be four feet deep in the Pearson district and rising rapidly. The break is widening and it is feared that the levee will be completely destroyed.

Reports from Sherman, Grand, Sutter and Merritt islands, this afternoon, state that the levees on all four islands were still standing as are also the levees in the small district of Bradford and Roberts islands in San Joaquin county. Bouldin and Jersey islands, by San Joaquin county, are submerged.

A hard fight has been made on Grand island, but Rio Vista reported this morning a fall of ten inches in twenty-four hours. This relieved the situation but the fall is feared to be only temporary, and as the situation is expected to crest there tomorrow the danger point will not be passed before Friday.

TRAIN SERVICE STILL BLOCKED.

STORM IN MOUNTAINS BREAKS AND HOPES RISE.

Southern Pacific Reports Situation Unchanged from Sunday, and Great Uncertainty Exists as to When Normal Conditions Will Again Prevail.

(BY THE ASSOCIATED PRESS—P.M.)

SACRAMENTO, March 25.—The Southern Pacific reports that there has been no great change in the situation since Sunday. It is still uncertain whether the line between Sacramento and Benicia will be open, as great damage has been done between here and Davisville.

Reports from Truckee, this afternoon, were to the effect that the storm, which raged over the mountains Sunday, had been broken, and that it has stopped snowing. If the snow does not start in again, it is thought traffic will be resumed within the next day or so.

Large forces of men are working on the tracks around Marysville, and while it is not expected that trains can run from here to Marysville until Wednesday night, the boat service is maintained between Marysville and Wheatland, to which point a train goes out every day carrying passengers, baggage, mail and express.

It is not hoped to open the line between Marysville and Chico for three days or more, as nearly two miles of track was swept away between these points. The damage is being rapidly repaired.

On the west side of the valley trains are now running from San Francisco far north as Delta, and it is expected that a line will be opened through to Dunsmuir by tomorrow night.

North of Dunsmuir the line is still blocked by washouts, and no trains will get through to Portland for several days.

GATHERS STORM STATISTICS.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, March 25.—While all the importance of a correct knowledge of conditions which have resulted in the San Joaquin and Sacramento valleys from the unprecedented rains and floods which have swept over that part of California during the past three weeks, the California Promotion Committee has sent a representative to special sessions to make a thorough and exhaustive investigation on which to base a report which will be filed with the United States government as data relating to reclamation and river improvement.

W. K. J. Kenyon, of the publicity bureau of the committee, left Sunday morning on the steamer Constance, taking with him ample photographic supplies for numerous pictures of breaks in the levees and devastated areas.

Kenyon will spend several days on the trip and on his return a complete report will be issued, showing existing conditions, amount of general damage and special injury to industries and localities. This report will be complete in every detail as to the extent of the damage and the extent to which it is well acquainted with the San Joaquin and Sacramento rivers and the adjacent areas, and will be able to compare present conditions with the normal.

FLOODS ARE SUBSIDING.

(BY THE ASSOCIATED PRESS—P.M.)

MARYSVILLE, March 25.—Flood conditions in Yuba and Sutter counties are gradually subsiding. The reports coming in are more encouraging as the farmers are busy caring for their marooned stock.

Samuel Price, who was missing, was found safe in a barn at his farm. The rivers are both low. There has been no rain since last evening and the storm seems to be over. Heavy snow was reported in the mountain districts on Sunday. The railroads are rushing repairmen on washouts and trestles. The Southern Pacific will have trains running on the main line within a couple of days, but the Northern and Inter-urban service cannot resume before the end of the week.

Marysville citizens recent published reports that the city was partially flooded last week, as the levees withstood the water, and are intact. All the water will be raised four feet this summer.

SAN FRANCISCO SUFFERS.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, March 25.—Alarm is freely expressed in all departments of this city's commercial and industrial activities over the disastrous effects of the flood. The city is almost at a standstill, teams are idle, prices of food stuffs are jumping alarmingly and starvation is facing the thousands of homeless which do the heavy hauling for a rebuilding metropolis. The latter difficulty is facing the most pressing. No hay is being brought to San Francisco. Even the small shipments of inferior hay from the bay counties have ceased.

Only a small quantity of green produce is coming through. Potatoes and onions will be a luxury in a day or so, for already prices are climbing to emergency figures. Receivers anticipate a famine and are demanding exorbitant prices for the few supplies against that contingency. Pottery will be scarce. Not enough is arriving to supply retailers.

RECLAIMED LANDS FLOODED.

(BY THE ASSOCIATED PRESS—P.M.)

COLUMBIA, March 25.—Reclamation district No. 103, west of Grimes, went out on Saturday afternoon. About 25,000 acres of farming lands are flooded there and the prospects for crops this year are dark.

Reclamation district No. 103, west of Grimes, went out on Saturday afternoon. About 25,000 acres of farming lands are flooded there and the prospects for crops this year are dark.

SNOW FALLS LOW.

(BY THE ASSOCIATED PRESS—P.M.)

REDDING, March 25.—Snow is falling unusually low tonight. The foothills near Carson are covered and the snow is expected to crest there tomorrow the danger point will not be passed before Friday.

Reports from Sherman, Grand, Sutter and Merritt islands, this afternoon, state that the levees on all four islands were still standing as are also the levees in the small district of Bradford and Roberts islands in San Joaquin county. Bouldin and Jersey islands, by San Joaquin county, are submerged.

A hard fight has been made on Grand island, but Rio Vista reported this morning a fall of ten inches in twenty-four hours. This relieved the situation but the fall is feared to be only temporary, and as the situation is expected to crest there tomorrow the danger point will not be passed before Friday.

The Pearson district back levee broke near Richland shortly before midnight Saturday, owing to pressure of water from the Terry breaks and the rise in the Mokelumne River. A message was sent to Sacramento this morning, asking that a relief boat be sent to the district to save the stock.

Since that time telephonic communication with Courtland and all other down-river points has been cut off, and nothing more has been heard from the flooded district.

The steamer Fruto has been sent to Pearson district on a mission of relief and she is momentarily expected to return with a cargo of the stock rescued from Pearson lands.

The Pearson district is one of the chief dairy parts of the county, and although the residents are making a desperate effort to protect their cows and cattle until help arrives it is probable that many hundreds will be lost.

The water was reported to be four feet deep in the Pearson district and rising rapidly. The break is widening and it is feared that the levee will be completely destroyed.

FLOOD CREEPS OVER ISLANDS.

(BY THE ASSOCIATED PRESS—A.M.)

ANTIOCH, March 25.—The islands near here are being flooded one by one. There has been no loss of life reported. Livestock is being taken to places of safety. Millions of dollars will be lost by the island owners as a result of the flood.

Following is a list of the tracts and islands already under water, together with the number of acres contained in each:

Byron tract, 6500 acres; Clifton tract, 3500; Brooks tract, 3500; Sargents tract, 3500; Veale and Newhope tracts, 10,000; San Mount tract, 4000; Upper and Lower Twitcheil Islands, 7500; Pierson district, Staten Island, 11,000; Dyer and Union Islands, 12,000; Vinceline Island, 3500; Brannan and Andrus Islands, 3000; Jersey Island, 3750; Upper and Lower Tyler, 12,000; Victoria Island, 7500; Hermit Island, 8000. (This island had not been under water for thirty years before.)

Sherman, Grant and Sutter Islands are among those left with the water at a point where it is liable to go over at any time. These islands comprise the great asparagus and vegetable districts and the flood will bankrupt many owners.

Only a small quantity of green produce is coming through. Potatoes and onions will be a luxury in a day or so, for already prices are climbing to emergency figures. Receivers anticipate a famine and are demanding exorbitant prices for the few supplies against that contingency. Pottery will be scarce. Not enough is arriving to supply retailers.

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, March 25.—[Exclusive Dispatch.] Reports of the flood in the northwest afforded little consolation to Chicagoans, who continued to shiver today in a temperature that went as high as 72 deg. With the wind in the south the mercury had easy sailing from the early minimum of 34 deg. It was four degrees above zero at Chicago today, and on the wings of a northerly wind, this concentrated illness is hurrying Chicago.

Following is a list of the tracts and islands already under water, together with the number of acres contained in each:

Byron tract, 6500 acres; Clifton tract, 3500; Brooks tract, 3500; Sargents tract, 3500; Veale and Newhope tracts, 10,000; San Mount tract, 4000; Upper and Lower Twitcheil Islands, 7500; Pierson district, Staten Island, 11,000; Dyer and Union Islands, 12,000; Vinceline Island, 3500; Brannan and Andrus Islands, 3000; Jersey Island, 3750; Upper and Lower Tyler, 12,000; Victoria Island, 7500; Hermit Island, 8000. THINK HE IS BANDIT.
ARREST SUSPECTED ROBBER.
(BY THE ASSOCIATED PRESS—F.M.)
GRAND JUNCTION (Colo.) March 25.—Alvin Potter, 35 years of age, was
arrested here today by Sheriff Strader.

CRIME BRIEFS.

Woman Kills Physician.
SPARTANBURG (S. C.) March 25.—William Lander, a prominent physi-
cian of Union, was shot and killed to-
day by Lucy Litz, who walked into the
physician's office, closed the door,
and fired a bullet into his back. The
woman was arrested.

Revenue Officers Make Arrest.

SAN JOSE (Cal.) March 25.—Deputy
Revenue Collector Louis Montgomery
today made a complaint against H. L.
Hirsch, proprietor of the Palm Garden,
No. 54 North Market street, for viola-
tion of the revenue laws, that officer
having seized on the latter's premises
ninety-two empty cigar boxes and one
empty liquor barrel with the stamps
uncanceled. The least total penalty is
\$100 fine and one year's imprisonment.

Spaniard Shoots Companion.

SAN FRANCISCO, March 25.—Hold-
ing his victim against the wall with
a death grip on his throat, Pablo Gu-
ierrez placed the muzzle of his re-
volver to the forehead of Candido
Gartigay and inflicted a mortal wound.
Pablo is held at the City Prison, and
Candido is lying at the Catalina
Hotel, where the shooting occurred
early this morning. The men are
Spaniards, and occupied adjoining
rooms, and it was not known that they
had quarreled. The wounded man re-
cently came here from Southern Cali-
fornia.

Embezzling Official Sentenced.

SALINAS, March 25.—John W. Row-
ling, ex-City Treasurer, and Collector,
who pleaded guilty to having em-
bezzled nearly \$600, was sentenced to-
day by Judge Sargent to five
years' imprisonment at San Quentin.
Rowling, who is 65 years of age, seemed
stunned at the sentence.

ROCKEFELLER PLEADS SICKNESS

He Tells His Bible Class He Needs
Immediate Rest from Business
Cares.

(BY THE ASSOCIATED PRESS—A.M.)
NEW YORK, March 25.—John D.
Rockefeller, Jr., told his Bible class
at the Fifth Avenue Baptist Church
yesterday that he was so run down in
health that unless he took an im-
mediate rest he was in danger of a com-
plete nervous and physical collapse
similar to the breakdown he suffered
two years ago. At that time Rocke-
feller's condition was so grave that his
physicians ordered a year's complete
withdrawal from all kinds of work.
Rockefeller said yesterday that he had
decided to take a few weeks' rest in
order to recuperate.

AIDS IN ABDUCTION OF HER YOUNGER RIVAL.
Try to Shield Man When Accused by Parents of Love Girl—She Tells Her Affection and Her Love for Younger Rival.

THINK HE IS BANDIT.
ARREST SUSPECTED ROBBER.
(BY THE ASSOCIATED PRESS—P.M.)
GRAND JUNCTION (Colo.) March 25.—Alvin Potter, 35 years of age, was arrested here today by Sheriff Shuler. It is suspected that he is the leader of the band, which held up a passenger train on Denver and Rio Grande Railroad three years ago near Parachute, blew up the express car and got away with a large amount of bond. Potter, handcuffed and shackled, was taken this afternoon to Glenwood Springs where he will be given a hearing. Potter is said to have lived for three years in the hills in this vicinity. The woman who opened a gun-repairing shop in this town.

FRENCH MARCH FOR FRONTIER.
WILL INVADE MOROCCO TO FORCE REPARATION.

Cabinet, Goaded to Action by Clamor of Public Press, Orders Troops to Cross Border and Occupy Town—Demand Satisfaction of Moorish Government.

(BY THE ASSOCIATED PRESS—P.M.)
PARIS, March 25.—As a result of the Cabinet meeting today, it was decided to send French troops to occupy Oujda, a frontier town in Morocco, until the Moorish government gives full satisfaction to France for the assassination of M. Mauchamp. The French demands for reparation will be forwarded to Fez immediately.

The decision of the government to occupy Oujda means that troops will immediately cross the Algerian frontier from Tlemcen to compel a Moorish response to the repeated demands of France for the repression of disorders. The Moroccan government has refused to execute agreements concluded with France in 1901 and 1902 and has absolutely ignored the French government's representations on the subject.

Telegraphic instructions were sent this evening to Algeria directing the occupation of Oujda.

The French Press is clamoring for energetic action in Morocco. A Germanophile sentiment has been aroused by the intimations that Germans inspired the attack which resulted in the assassination of Dr. Mauchamp at Morocco City, and this has been fanned by war Minister Piquart's transfer of Gen. Bailloud from the Sixteenth Army Corps for a speech that the general delivered on the occasion of the retirement of a colonel in which he referred to the "inevitable coming war with Germany" when France "would have an opportunity to win back Lorraine."

Paul de Roulede, founder of the League of Patriots, who was defeated at the last election for member of the Chamber of Deputies, in an open letter published today, says that unless the French government takes energetic action, it will be the vanguard of Germany.

Foreign Minister Pichon today recommended to the Cabinet a policy of reprisals, if necessary, to secure from the Moroccan government satisfaction for the murder of Dr. Mauchamp.

The armored cruiser Jeanne d'Arc and the cruiser La Lande sailed from Toulon yesterday for Tangier, carrying field equipment for marines.

The French Foreign Office has sent a note to the Powers explaining the situation.

CRIME BRIEFS.
Woman Kills Physician.
SPARTANBURG (S. C.) March 25.—William Lander, a prominent physician of Union, was shot and killed today by Lucy Litz, who walked into the physician's office, closed the door, and fired a bullet into his back. The woman was arrested.

Revenue Officers Make Arrest.
SAN JOSE (Cal.) March 25.—Deputy Revenue Collector Louis Montgomery today made a complaint against H. L. Hirsch, proprietor of the Palm Garden, No. 14 North Market street, for violation of the revenue laws, that officer having seized on the latter's premises ninety-two empty cigar boxes and one empty liquor barrel with the stamps uncancelled. The least total penalty is \$100 fine and one year's imprisonment.

Spaniard Shoots Companion.
SAN FRANCISCO, March 25.—Holding his victim against the wall with a death grip on his throat, Pablo Guiterrez placed the muzzle of his revolver to the forehead of Candido Gartiguay and inflicted a mortal wound. Pablo is held at the City Prison, and Candido is dying at the Catalina Hotel, where the shooting occurred early this morning. The men are Spaniards, and occupied adjoining rooms, and it was not known that they had quarreled. The wounded man recently came here from Southern California.

Embezzling Official Sentenced.
SALINAS, March 25.—John W. Downing, ex-City Treasurer, and Collector, who pleaded guilty to having embezzled nearly \$6000, was sentenced this afternoon by Judge Sargent to five years' imprisonment at San Quentin. Downing, who is 65 years of age, seemed stunned at the sentence.

ROCKEFELLER PLEADS SICKNESS
He Tells His Bible Class He Needs Immediate Rest from Business Cares.

(BY THE ASSOCIATED PRESS—A.M.)
NEW YORK, March 25.—John D. Rockefeller, Jr., told his Bible class at the Fifth Avenue Baptist Church yesterday that he was so run down in health that unless he took an immediate rest he was in danger of a complete nervous and physical collapse, similar to the break-down he suffered two years ago. At that time Rockefeller's condition was so grave that his physicians ordered a year's complete withdrawal from all kinds of work. Rockefeller said yesterday that he had decided to take a few weeks' rest in order to recuperate.

MAKES WAR ON MEDIUMS.
Fifteen State Writers of Indianapolis Are Brought to Book as Frauds on Society.

(BY DIRECT WIRE TO THE TIMES)
INDIANAPOLIS (Ind.) March 25.—[Exclusive Dispatch.] A crusade against state-writing mediums was inaugurated here tonight by J. B. Hagman, president of the Anti-Medium Society of America, and fifteen mediums were arrested and taken to the station-house. The charge against them, is easily converted by the digestive organs and supplies the nutritive wants of all parts of the body.

DAY, MARCH 26
LOCAL SHEET: 14 PAGES
1.00 Easter Gloves \$3.50
French kid 16-button gloves in tan, mode, brown and all new spring shades; the \$4.00 fitted and guaranteed for \$3.50.

B. Blackstone Co.
DRY GOODS
SPRING AND THIRD STS.
West Dress Goods \$1.00 Yd.
Above price we offer today a delayed shipment of woolens. Thirty or forty different pieces to pick and not an undesirable style or color in the lot.

There is a variety of weaves, after the fashion of wool taffetas, batistes, and etamines, but soft, fine, and thoroughly. There are checks and plaids without end, hair lines and of the newer types. Every fashionable color and combination; black and white shepherd checks, plain white English mohairs, light-weight English suitings in check grounds with bright overblends.

You'll see a color, a style, and a weight among them for any gown you care to make up, and in this particular lot are nearly a quarter of the purchase price. 44 inches to a yard.

Eiderdown 1-2 Price
Sacsques
Today to get eiderdown garments for less than the cost of the best ripple eiderdown, properly made, neatly trimmed, of which we've sold all season at \$6.00; some few—some light blue—\$5.50, nearly all \$6.00 values. Grays, and light blues.
YOUR PICK \$3.00 EACH, TODAY.

Auto Coats Reduced
A dozen handsome auto coats are going today at a third actual value. They are garments of the better class; of the very best materials, hand tailored and finished. Grays and browns in the darker colors—plaids, broad stripes, checks and bars. Wraps suitable for any Regular values \$18 to \$30. Choice today, every price \$12 and \$20.

ANNUAL SALE OF CONDENSED MILK AND PIANOS

A second-hand piano of known quality is far superior to a new instrument of doubtful make. We guarantee every piano in this sale. For every dollar you spend for an instrument in this store you get a dollar's worth of real piano value. Here are a few of the bargains. Let us tell you of many others.

Upright Pianos
STERLING \$225. Original price \$375. French walnut case. \$25 down, \$5 monthly.
BEHR \$275. Original price \$475. Ebony case in perfect condition. \$25 down, \$5 monthly.

GOOD PARSON HELPS DYNAMITING ROBBERS.

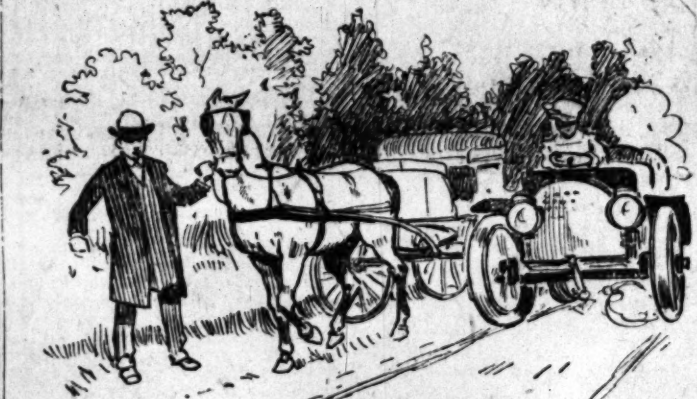

Alhambra Minister Innocently Holds Horse While They Try to Blow Up Chinaman's Shack With a Bomb. Desperate Deed Thwarted.

HOW about this for cool impudence? The men who tried to dynamite a Chinese garden near Alhambra got the Presbyterian minister to hold the horse while they went in to blow up Ah Tin!

An expert on high explosives who is staying at Alhambra says the bomb was made in the same manner as a shrapnel shell.

The Chinaman's story of the attempted blow-up and robbery is generally believed about Alhambra. The indignity to the preacher has just become known.

The day of the attempted explosion Rev. George H. Merrill of Alhambra was passing the Barber and Lobengier ranches, about a mile from San Gabriel, in his automobile. About mid-

The shacks of the Chinese ranch hands where the bomb was placed. Rev. George H. Merrill, who held the horse of the dynamiters, at the top.

way between the two ranches, he saw a horse and buggy standing by the roadside. The horse was not tied, and started up at the sound of the chugging auto.

Rev. Mr. Merrill instantly jumped out of the car and ran to the horse's head, holding the bridle while his daughter slowly sent the auto past. He then got back in the car and they went on, not realizing that they had assisted in a dynamite plot.

"I wish now I had let the horse run away," said Rev. Mr. Merrill yesterday, laughing ruefully.

He is one of those who believe in the truth of the Chinaman's dynamite story.

Ah Tin is the Chinese boss of the coolie laborers on the Barber ranch. He lives with the rest of the Chinese ranch hands in a collection of shacks at the edge of the place, and near the Lobengier ranch. The shacks are really much nearer the Lobengier house than the Barber house, although on the Barber ranch.

Two young men were seen by the Lobengiers to leave their horse and buggy by the roadside and sneak back to the Chinese shacks. They also saw the preacher get out of his auto and hold the loose horse.

BOMB PRIZE SMOKING.
That was about 4 o'clock in the afternoon. According to the Chinaman's story, he came home from his field work shortly after 4 and found the fuse smoking in a bomb.

Ah Tin says when he entered the shacks he found his clothing scattered all over the place. Everything in his house was in disorder.

In the middle of the floor he found his canvas traveling bag, in which he kept money. It had been slashed open. His money was gone—about \$25.

The white people saw him come rushing out, yelling with excitement. He could hardly speak for his wild agitation. In his hand was a piece of half-burned candle.

Rev. Mr. Merrill was seen at the Presbyterian parsonage yesterday. "I think they had a lively team," he said. "I did not see the young men. Some of the money have since, but I did not get sight of them at all. I am sure I should know the horse again if I should see it. While I was holding it there, I noticed it particularly. It may yet be a means of tracing them."

Rev. Mr. Merrill says that he places credence in the bomb story.

Thieves have been at work about Alhambra lately, he said. "Several houses have been entered. These men evidently have a pretty intimate knowledge of Chinese customs, and know how Chinamen hide their money in these bunk-houses."

In support of Rev. Mr. Merrill's opinion, it may be said that Chinese bunk-houses all through that section of the country have been entered. The thieves seem to have gone from one ranch to another.

The white men employed on the Barber ranch are inclined to think that old Ah Tin has had a pipe dream. In his excitement over the robbery of his money, he has imagined the bomb.

It is their belief that the candle was placed on the table in the bunk-house for the thieves to see their way about, not placed in a section of iron pipe.

HORTICULTURAL COMMISSION.
Jeffrey and Meserve Re-elected, and Dingel Selected to Fill Place of Stephen Strong.

Two of the three members of the old County Horticultural Commission, J. W. Jeffrey and A. R. Meserve, were re-elected yesterday by the Board of Supervisors. The new member is Irving Dingel, who is to take the place of Stephen Strong.

Candidates presented for the board's consideration were J. W. Jeffrey, A. R. Meserve, Frederick Maskew, Irving Dingel, Andrew T. Garey and C. E. Bemis.

Two ballots were required to make the selection. The first ballot stood Jeffrey, 4; Dingel, 3; Bemis, 2; Maskew, 1; Meserve, 1; Garey, 1. This selected Jeffrey and Dingel. The second ballot showed Meserve, 4, and Garey, 1, thus giving Meserve a re-election.

The action of the board will doubtless be gratifying to the majority of the citrus fruit growers, many representatives of which interest had appeared personally before the board to request the retention of the old commission.

LAW TAKES TRAINMEN.

Santa Fe Overland Conductor and Engineer Charged With Manslaughter.

Charged with manslaughter, Engineer Kelly and Conductor Humble of the Santa Fe, who were in charge of the overland which collided with the students' excursion train on the bridge spanning the Los Angeles River Saturday night, causing the deaths of five persons, were arrested last night.

The complaints on which warrants issued were sworn to by Louis Duni, of the District Attorney's office, before Justice Stephens late yesterday afternoon. There are two cases against each of the defendants, and the court fixed bail at \$3000 in each case—\$6000 for each man.

The warrants were placed in the hands of Constable De La Monte for immediate service. He found Kelly at his home, No. 1308 New Jersey street. Kelly was not placed in jail, but was taken to the courtroom and permitted to telephone to his friends in an effort to give bond for his appearance. Dr. George W. Campbell and Fred Thayer were summoned. They signed, and Kelly was released. The time for his arraignment has not been fixed and will not be until after the Coroner's inquest this afternoon.

Humble was arrested at his hotel on Third street, west of the tunnel. He, too, was taken to the courtroom, but was not successful in giving bondmen at once. Accompanied by an officer he was permitted to go in search of bondmen; but late last night he had not returned. If unsuccessful in his efforts, the officer has orders to place him in jail.

It was stated last night by those in position to know, that the warrants were issued to prevent the accused men leaving the country before the official investigation of the wreck.

DOES HIS HAND TELL SECRET?

MYSTERIOUS DYING BOY GIVES SIGNS TO NURSE.

Makes Motions to Indicate That Woman Best Him, but Distorted Memory May Be Responsible. Nothing but Guessing to Be Had, Apparently, About Strange Case.

Still sunk in stupor, his breath coming short and sharp, with how and then a smothered cry like the echo of a scream, Louis Staffer lives on, though given up by the doctors three days ago. Once he has crawled out of his bed and, grouped toward the little window of his room. He seemed to see the light.

Twice he has been conscious, and once he spoke, but only to cry out, in sudden, comprehending agony: "Mamma, isn't it awful? I am blind!"

Again, a nurse bent over him and lifted his eyelids. The eyes were fixed and staring as before, but showed a gleam of intelligence, and she spoke to him, asking if he could hear what she said. He gave no sign in response, but still the gleam of intelligence remained in the staring but unseeing eyes.

"If you can hear me, Louis, raise your hand," directed the nurse. One thin hand quivered, and then rose a few inches above the white coverlet on which it had lain.

"Did some one strike you?" At the question the hand quivered and then the hand was raised again, hesitantly. The darkened mind seemed scarcely to know.

"Was it Matt or Wesley?" The hand clutched the bedspread again, but the nurse's hand bent low over him, and the hand reached up toward her face. It touched a wisp of hair, and seized it, as if it had some meaning.

"Louis, was it a woman?" asked the nurse. The hand answered "Yes," and the nurse bent low over him, and the hand reached up toward her face. It touched a wisp of hair, and seized it, as if it had some meaning.

It may have been a distorted memory that prompted the answers, and the only woman that figures in the tragedy may have been the one who sang to him across the alley on Fourth street last Tuesday, half ironically, thinking the boy was drunk.

Louis Staffer, according to the story of his father and stepmother and the records of the Juvenile Court, was led into petty thieving by older boys of stronger mind. Louis's mind always has been feeble. He is 15 years old, but under-developed for his age. He lived with his father and stepmother at No. 212 Boyd street. The boys who misled him had him in a pliable tool in their hands, lived on the same street. To save him from their influence his parents twice had him placed in the Detention Home. From there he was released on Saturday, March 16, the last time.

Louis was allowed to go to a matinee with his brother, and on the way he was called aside by one of the boys whom he has said have bounded him. When he returned to his brother he said to him: "It's no use; they're making it too hot for me, and I'm going to leave town." He left his brother there in the street. Sunday afternoon, and the next person to admit seeing him is the woman who sang to him across the alley, and the next person to see him is the third-story landing of the lodging-house, at the corner of Crocker street.

In making an estimate of the State revenues under the new plan, the commission finds that \$2,575,000 will be derived through the present system, slightly modified, including the poll tax, inheritance tax, insurance taxes and fees, collections by State boards and

(Continued on Eighth Page.)

MOST IMPORTANT OF ALL THE NEW LAWS.

Governor Signs Tax Reform Amendment—Corporations to Pay Revenue to State, Not Counties—Lifts Load From Real Estate.

IN signing the act submitting a Constitutional amendment pertaining to the separation of State from local taxation, Gov. Gillett has paved the way for a sweeping change in the method of garnering public revenues.

The adoption of the amendment was the most important act of the recent session of the Legislature.

It touches upon a question that vitally interests every taxpayer. It "hits the pocket" of every property owner, individual or corporate. By ballot on the amendment at the next general election, the voters will decide whether or not they desire change from the present system of taxation. It is believed they will vote for the change.

Practical home rule for every county is promised as one of the results of the proposed reform in the tax laws. Home revenues for home uses is another. It is said the tax rate will be reduced very materially. Under the proposed change it is asserted that the taxpayers of Los Angeles county will save nearly 50 cents on every dollar of assessed valuation, reckoned on the tax rate of 1905, when the State rate was 49 cents.

PLAN HAS STOOD TEST.
The plan is not a new one in the United States. Pennsylvania has not taxed its real estate, for State purposes, for many years. New York has a system of separation in effect. Practical separation exists in Connecticut, Ohio, Minnesota and other States.

Adoption of the scheme may lessen the activity of the railroads and some other corporations in local politics. It will not take them out of the game, however.

TO THE STATE ONLY.
All the big corporations, it is proposed, shall pay taxes only to the State, to be used for State purposes. The corporations that will pay tribute to the State alone include steam railroads, city and interurban electric roads, express, telephone, telegraph, gas, electric, sleeping car, dining car, refrigerator car, car, and insurance companies, banks and trust companies, and savings and loan societies.

The taxes paid to the State by such corporations are to be upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, canals, rights of way and other property used in the operation of their business within the State. These taxes are to be in lieu of all other taxes and licenses, State, county and municipal, except that it does not affect the payment for special privileges, or franchises granted by municipalities.

TAX ON GROSS EARNINGS.
These taxes will be levied on the gross earnings of the corporations, ranging from 1 to 4 per cent. on each class, the railroads paying the highest figure. Banks would be taxed on the book value of their capital stock. They would continue to pay local tax on their real estate and mortgages. All corporations not previously named would pay to the State a rate of 1 per cent. of the assessed value of all corporate franchises of whatever sort.

Under this plan, it is believed the Southern Pacific would not have this board under its thumb so completely as at the present time, and as it has been for years.

Only four counties of the State, it is figured, will lose by the change in system, through which a portion of the assessed valuation will be taken away by given the State the taxes on corporate property and leaving to the cities and counties the assessment and taxation of real and personal property. The losing counties are San Bernardino, Yuba, Placer and Ventura. The loss of the latter will be almost nothing. That of San Bernardino will be great, because of the great mileage of railroad lines within its borders.

FOR COMMON GOOD.
But it is argued that these counties have been deriving too large a portion of their revenues from the big corporations, while the Commission on Revenue and Taxation, which prepared the amendment, under the expert advice of Prof. Carl C. Plinn of the University of California, states in its report that the great gain to the fifty-three other counties of the State justify the adoption of the new system.

Amounting to the removal of the burden of direct State taxation from real estate, saving the owners thereof about \$4,000,000 annually. It will abolish the necessity for equalization between counties, for there will be nothing in common among these communities so far as taxation is concerned.

In arguing for change in the system, the commission states that the taxes paid by farmers equal an income tax of 10 per cent, while those paid by manufacturers, for instance, amount to only 2 per cent. on their income. Persons engaged in agriculture, it is noted, pay an average of \$50 a year in taxes, with an average annual income of \$500. Manufacturers with an average annual income of \$870 pay an average of \$17.50 a year in taxes.

EVIDENCE ON REAL ESTATE.
The principal tax, called a general property tax, has become little more than a real estate tax in the fifty-year evolution of the existing system. Of the three taxes levied, only 15 to 18 per cent. is levied on personal property. Yet it is pointed out that the relative value of personal to real property is far greater. Still the real estate pays about 85 per cent. of the taxes.

The trouble is that the assessors are unable to locate the personal property. On the books, they now find less than two-thirds of the personal property that was listed thirty years ago. Which is fine for the owner of personal property, but hard for the possessor of real estate.

In making an estimate of the State revenues under the new plan, the commission finds that \$2,575,000 will be derived through the present system, slightly modified, including the poll tax, inheritance tax, insurance taxes and fees, collections by State boards and

institutions, and earnings of State property and investments. From suggested new sources there would be derived \$8,905,000, apportioned as follows: Steam and electric roads, \$3,800,000; express companies, \$130,000; car companies, \$75,000; telegraph and telephone companies, \$210,000; light, heat and power companies, \$200,000; franchises, \$200,000; banks, \$1,000,000. This would make a total State revenue, from all sources, of \$9,585,000.

CORPORATIONS LIKE IT.

One of the old features of the proposed change the system of taxation is the fact that the big railroad companies and most other corporations favor the suggestions. Their principal objection has concerned the percentage of gross earnings that they would have to pay to the State. They naturally would like to have this percentage as low as possible. Still, they did not make very serious objection in discussing the matter before the legislative committee that had the constitutional amendment in charge.

As a matter of fact, it is said they prefer a reasonable tax on their gross earnings to the present system, under which they are the victims of the whims of fifty-seven assessors in as many counties throughout the State. Instead of being obliged to keep an eye and a purse open in every county to see that an acceptable assessor is nominated and elected, they can centralize their efforts on the election of the right kind of State Board of Equalization. Even here, it will not make so much difference, for their rate of taxation will remain practically the same from year to year. The old axiom that death and taxes are certain will apply with more force to them, with the qualification that the rate of taxation will be more certain than at present.

The proposed new system has been endorsed by the State Board of Equalization and by the convention of the county assessors of the State. It remains for the people at the general election in November of next year to give their approval, in which event the new order of things should become effective in 1910.

TASK INVOLVED IN PRESIDENCY.

NO RUSH TO FRIDAY MORNING CLUB'S HELM.

Members Trying to Persuade Mrs. Tolhurst, Past President, to Take the Nomination, and She Agrees to Consider—New Home to Be Built Means Work.

In view of the immense labor and responsibility involved in serving as president of the Friday Morning Club, during the coming year, with a clubhouse to build and incidental matters of importance to be handled, there is great reluctance on the part of club members to accept nomination for the office. Several fine presidential possibilities have declined and considered the work and the time involved in the affairs of the club as to the ultimate outcome.

During the last few days great pressure has been brought to bear upon Mrs. Shelley Tolhurst, possibly the most capable and brilliant of the past presidents of the club, to accept the nomination, and to put her steady hand to the helm during the coming year. Almost every season since her retirement some one has been anxious to have Mrs. Tolhurst at the head of the club again. Each time she appeared before the members they have been reminded of her ability and their admiration for her has burst out anew.

Lately she has been a few months absent from the club for a new home. During the last few days great pressure has been brought to bear upon Mrs. Shelley Tolhurst, possibly the most capable and brilliant of the past presidents of the club, to accept the nomination, and to put her steady hand to the helm during the coming year.

many degrees closer to the consumer, and thus cut off a very large part of the marketing expense. Our plan leads to economy, not to monopoly. We market about 60 per cent. of the citrus crop. The production has increased in the last thirteen years from 4000 to 20,000 carloads annually. So, not controlling of handling the entire crop and not restricting production or competition it will be seen that we cannot, in any sense, be called a trust or monopoly.

"It was the fear, therefore, that the broad language of the Cartwright bill might be construed to include our association that they thought it best to take up the matter with the Governor. They naturally thought it wise to look into the history of the bill and to find out its purposes. The committee left here last Thursday. En route we arranged for a conference with Senator Cartwright at Fresno. Senator Cartwright introduced the bill and we thought it would assist us to obtain the desired information by having an interview with him. He met us at Fresno and we discussed the bill with him at some length. He told us that the bill was not designed to affect in any manner the present cooperative fruit associations throughout the State; that this very matter had been considered by himself and others favorable to the bill, and that they were unanimously of the opinion that it had no application.

"At Sacramento we discussed the same subject with the Governor. Every clause of Section 1, which defines trust was taken up with him and thoroughly considered. He told us that in his opinion the provision of the bill did not apply to cooperative associations like ours, and added that if, in his opinion, he entertained any doubt upon the subject he would without any hesitation, veto the bill. The committee in return told the Governor that his assurances had entirely removed all objections to the bill on the part of the association.

Mr. Story added that he was deeply impressed with the Governor. "He is a brave man, a greater man than I supposed," said he.

VERMONT'S IMPROVEMENT. Supervisors Agree to Aid City and Private Parties in Making Impassable Street Good Road.

The Board of Supervisors passed a resolution, yesterday, which means much to travelers along the western limits of the city. This resolution provided that Supervisor Eldridge be allowed to file a warrant on the general fund for \$275 in payment of work done in placing Vermont avenue, between Fourth and Sixth streets in a passable condition.

Half of Vermont avenue lies within the city, and half out in the county. For months there has been trouble over the proposed improvement of this highway. A storm drain was built in the street, and this left much to be desired in the surfacing; then the great depression between the points mentioned went from bad to worse, until the road, which is an important one, has been a source of much trouble to travelers.

Some time ago the County Supervisors agreed to staid a share of \$1000 towards its improvement, but for some reason the offer, which was to be jointly with the city, was not accepted. Now a three-cornered proposition has been brought about, whereby the city, the county and Oscar Schmidt, a property owner who is laying out subdivisions in the neighborhood, will divide the expense.

That is, the Supervisors, yesterday agreed to go in for the improvement to the extent of \$500 instead of the \$1000 formerly offered.

The law requires that, on any amount taken from the general fund for expenditure on road work in one month reaching \$2000, the work must be advertised. Now, Schmidt, who is putting up at least one-third of the expenses for improvement wants to rush the road work, and doesn't want any delay for advertising, etc.

Therefore came the order of the board, yesterday, allowing an appropriation of \$275 to go in as work for the month of March, and other work will be paid for as it is done, so as not to exceed the limit of under \$300 in any one month.

Schmidt will have his men at work on the street this week, if the weather permits. He is to furnish the oil for the final coating, and the county is to furnish two oil wagons and sprinklers.

SEATTLE PROGRAMME. Persistent Rains Interfere With Entertainment, but Schedule Will Be Taken Up Again Today.

Rain interfered with the programme of entertainment for Seattle visitors yesterday, and the trip planned for Pasadena and ostrich farm was deferred, to be taken today if possible. Yesterday afternoon Venice and Santa Monica were viewed, through the courtesy of the Los Angeles-Pacific Railway.

Today the Pasadena trip will include the Mount Lowe ride. The public reception will be given tonight in the Chamber of Commerce assembly rooms. S. A. Butler is chairman of the Reception Committee, and a number of speeches have been arranged for. Local men who will talk are John G. Mott, Oscar C. Mueller, Judge Waldo M. York and Mr. John, son, and Joseph D. Jones of Seattle.

Tomorrow the "Inside Track" trip will be taken to see the orange groves, and Catalina is scheduled for Thursday.

CARBON BRIQUETS. Will burn slowly for a long time. No clinkers or ashes. Intense heat. Phones, Broadway 5155; F2990. Los Angeles Gas and Electric Co.

PAYS 6 PER CENT INTEREST ON DEPOSITS. The Continental Building and Loan Ass'n Market and Church Sts., San Francisco. or 129 S. Broadway, Los Angeles. Paid in Capital and Reserve, \$3,000,000.

Arend's Orchestra

Concert This Afternoon
Special Concert today from 2:15 to 5:15 p.m.
Delightful programme of popular and classical music by Arend's Orchestra.

Central Department Store

609-615 S BROADWAY LOS ANGELES
"YOUR MONEY'S WORTH OR YOUR MONEY BACK."

A Month's Business Crowded Into One Week

The Central Department Store enters upon the second day of its career this morning. The Opening Sale of new Spring and Easter merchandise continues today. Expecting as we did to open March 1, and purchasing our stocks for the entire month's selling, our late opening necessitates price changes of a most radical nature. A whole month's business must be crowded into this week. Lines to which we looked for a fair, legitimate profit must be disposed of at less than cost. Merchandise worth in wholesale markets more today than when it was bought must be sold at prices lower than were paid. Do your Easter shopping early in the week; these special offerings cannot last long.

Easter Suits and Costumes

The most elaborate showing of handsome suits and costumes ever seen in Los Angeles invites your inspection today. Here are gathered the choicest and most exclusive models for Easter—charming styles for street, dress and evening wear. Distinctive designs from leading foreign and American modistes are cleverly made up in materials of superb quality and rare beauty. The entire showing is specially priced for Easter week—many extraordinary values will be placed on sale today.

Deliveries will be made this week of all garments requiring alteration.

HANDSOME EASTER COSTUMES
Princess Lingerie Dresses—Beautifully trimmed with fine lace, made with tucked flounces, exclusive styles. Specially priced for Easter week, \$10.00, \$15.00, \$20.00, \$25.00 to \$45.00

Park Manor

BRILLIANT SITES in SIERRA MADRE "THE MOUNTAIN-SIDE CITY"

Startling Ten Days Offer

Beginning Wednesday Morning, March 26, At 9 O'clock

A bold proposition from a real estate dealer's point of view, perhaps, but I am appealing solely to your common sense. If you are seeking a beautiful, elevated suburban homestead; if you are keen sighted enough to recognize a BARGAIN and will respond to a spirit of fair play, you will jump at this chance.

Wednesday morning I will offer unmatched Park Manor lots (all 190 feet deep and ranging from 50 to 100 feet frontage) at the extraordinarily LOW price of \$8 and \$9 a foot—\$400 up; half cash, balance in one year at 7 per cent. Corner lots about 100 feet front—others 50 or 100, as desired.

L. C. Torrance, OWNER

NEWITT ADV'CO.

PARK MANOR

MT. WILSON

512 Mason Building Fourth and Broadway

Can make you this offer only because I have decided to pay no bonuses for cash, give no free street-car tickets, pay no commissions to agents, and incur no expense beyond the cost of this advertisement.

It is up to you—the chance of the hour.

Every lot is twice or three times bigger than a city lot costing three to five times as much. All covered with orange, lemon and apricot trees in full bearing, producing immediate incomes.

Visit Park Manor. Sierra Madre cars leave 10 minutes after the hour. Get off at Sunnyside avenue. Have your check book with you.

\$200 Buys a Big Lot in "The Cream of Sierra Madre" Lots \$400 Up. Half cash and balance in one year at 7 per cent.

INGLESWOOD PARK CEMETERY. The largest, most beautiful and most modern on the Pacific Coast. For information, phone Capt. L. G. Loomis, 3911, or office 214 Mercantile Place, Fresno.

Cleanse and beautifies the teeth and purifies the breath. Used by people of refinement for over a quarter of a century. Convenient for tourists.

PREPARED BY J. H. Lyon, D.D.S.

is the president of the concern, could easily put up the money to establish eighteen stores if he so desired. Borden was indefinite as to Yule's whereabouts, but said he lived at the beach. Yule lives at No. 464 Wiltner street and at present seems to have no occupation. Mr. H. Wilson is a stenographer in the H. W. Hellman Building, all-finish in sending out the circular letter, and that he has changed his mind in regard to some of the propositions made in it. He stated that Yule, who

R. O. BORDNER, youthful backers of the nebulous grocery trust, known on paper as Los Angeles Grocery Stores Company. He says he is from Shelby, and wishes Los Angeles people were as trusting as those in that old village in the Buckeye State.

maine, intends to control the grocery business of the city. It is a large and broad every grocer in Los Angeles. It intends to put the Augustus stables in the market with the pure food law, which so far as any knowledge has but

though Borden says that he is at present unengaged. He best to give the impression that Yule and Wilson are millionaires in hiding or traveling abroad, and that they could, if they desired, bring up a few millions and never bat an eye.

BORDNER UNEASY. Toward the end of the interview, Borden was uneasy. The truth of the matter is the young man has just begun to grasp the real proportions of the grand scheme he and his "buddies" had dreamed of. He was almost ready to withdraw his letter to the retail grocers, and almost everything else that had been done.

The merchants of the city know nothing about the scheme outside of the circular letter sent to some of them. J. F. Paulding, secretary of the Retail Merchants' Exchange, says he had heard of the scheme, but was unable to locate any one grocer who had "fallen" for the proposition. The plan as outlined to prospective purchasers was that the grocery store keepers should retire from their business and sell their stores to the new concern. They would receive in return stock in the company equal to the estimated value of their stores.

It is very probable that the concern will not be heard of again, as the youthful trust formers have become a trifle worried over the attention paid to their pleasant little scheme.

SEEK MISSING WOMAN. Parents of Mrs. Schultz, Who Disappeared from San Francisco, Try to Clear Mystery.

Mrs. Walter H. Schultz disappeared from her home in San Francisco in December and has not since been heard from, though every effort has been made to locate her. Her hat, handkerchief, umbrella and gloves were found on the wharf at Tiburon, but her parents, who reside in Newark, N. J., refuse to accept this as conclusive evidence that she committed suicide. Her maiden name was Etta Hortense Wilcox, and the name of her first husband was Turner, a photographer at San Diego.

Her husband states that she contemplated suicide, though he also refuses to accept that theory as the correct one. If still alive Mrs. Schultz is about 46 years of age. Any information concerning her will be gladly received by Frank A. Dean, No. 222 Market street, Newark, N. J.

WOULD HONOR MARQUIS. LONDON, March 25.—A committee composed of influential men has been formed to raise funds for a statue of the late Marquis of Salisbury, Prime Minister of England.

FIFTH WRECK VICTIM DIES.

F. M. Worrell Succumbs to His Injuries.

Conductor Cutting's Condition Is Critical.

Engineer of Overland Train Admits His Blunder.

F. M. Worrell, No. 3029 La Salle avenue, injured in the Santa Fe wreck Saturday night, died yesterday afternoon at the Hospital of the Good Samaritan. With the passing of Worrell the death list is swelled to five.

At least one other, Conductor F. J. Cutting of the student train, may die. He is at the Santa Fe Hospital, and it was stated last night that he is slowly sinking. His left leg is fractured and he is internally injured.

Once again fate seems to have played an important part in the death of Worrell. Like Gail and Parker he was an unwilling passenger on the ill-fated train. Mr. Worrell was in the commission business. He had gone to several of the smaller towns Saturday, buying produce. He intended to take the electric car back to Los Angeles. A friend told him of the excursion train, which would take him to his destination at almost half the time. He entered the chair car at Glendale and rode with the merry party to his death.

When the crash came Worrell was hurled backward into the wreckage in the forward part of the coach. He was extricated with difficulty, and made as comfortable as possible. It was hours before he received medical attention. He was aged 27 years. His first thought after he was hurt was for his young wife, who is prostrated. Mr. and Mrs. Charles K. Worrell, parents of the dead man, reside in Santa Ana.

With the exception of Conductor Cutting, the rest of the injured are doing well. Engineer Fred Walker of the Overland, who was reported injured, is at the Santa Fe Hospital. Thomas Brown and A. Grossman, passengers on the Overland, are reported improved. Brown is at the Santa Fe Hospital, and Grossman is at the home of friends in Los Angeles.

Ray Parker was removed to his home, No. 337 West Avenue 52, yesterday. He is attended by Dr. Chamberlain, and though his condition is serious, it was stated last night that he has more than an even chance for recovery.

CONFESSES HIS ERROR.
Engineer Kelly of the Overland train is said to have made a confession. It is reported that he has admitted he is to blame for having passed Tower No. 1 without orders. He has been subpoenaed as a witness in the investigation to be held this afternoon at 4 o'clock at Breese Bros.

An array of evidence is presented to the jury has been collected, according to Deputy Coroner Williams. Should the jury find Engineer Kelly to blame, a warrant for his arrest on a charge of manslaughter will issue.

Until the responsibility for the wreck is fixed by a coroner's jury, no legal action can be taken against any one. Though Coroner Lanterman is sick in bed, he has directed that the investigation be made into the cause of the disaster. He has in his possession duplicate copies of the train orders, which were ignored by Engineer Kelly and his conductor.

There was a tone of sadness at the chapel services yesterday at the University of Southern California and at Occidental College. Schoolmates missed the faces of young Pauline of U.S.C. and Hodgson of Occidental when they assembled for devotions.

SMITH'S HEROISM.
According to some of the boys at the University of Southern California, Earl H. Smith proved himself a hero. At present Smith is confined to his lodgings on West Fourth street, with a bandaged head and three stitches in his ear. Smith pulled himself out of the wreck, and then went valiantly to work assisting his comrades. He was one of those who helped carry out Conductor Cutting after a stretcher was secured.

It is remarkable how few stayed to see what was needed after the crash came and they found they were free. Those in the rear coaches supposed that all the cars had escaped injury. They made their way back through the rear of the bridge, across the river bed, and up the bank on the other side, where they caught the University and Garvanza cars. One of these was President Howard of the university. Having been in a number of train wrecks, he suspected an accident, and anxious for the safety of the passengers, he walked forward to what he supposed was the empty baggage car, which was in darkness. Finding no trouble, he and most of the others left the scene, supposing no damage was done except to the engines.

This general exodus left the unfortunate passengers alone. Others, like Smith, who lingered were Edwin Cooper, captain of the U.S.C. track team, and other students named Taylor, Carmichael and Charles Hagler. Hagler carried out several bodies, among them that of Franklin. He worked till he was exhausted by the action, and as a result of the exposure has a serious cold now.

Smith, in discussing the affair, expressed indignation at the action of those who should have been prompt and expert in giving relief. "For an hour and a half," said Smith, "there was only one fireman and two policemen, and it was a half an hour before any of them came. When finally an ambulance came, it turned out to be a police patrol. Those in charge stopped to argue whether to allow the use of their stretcher, fearing it would not be returned to them."

HUSH ON U.S.C.

STUDENT FUNERAL TOMORROW.
Chapel exercises at the University of Southern California yesterday morning were sad. A hush had fallen upon the students as a result of the accident that removed one of them, C. G. Franklin, and his death and the deliverance of the others was a subject uppermost in the minds of all. President Howard commented briefly upon the wreck, and a telegram of sympathy was read from President Gates of Pomona College, as well as a letter from Joseph Glass, president of St. Vincent's.

The president announced that the Santa Fe wishes a list of all who suffered injury as a result of the wreck Saturday evening. He expressed the belief that the company intends to be fair in settlement of all claims. R. G. White, representing the claim department of the railroad, was at the university during the forenoon, conferring with authorities and students. He said there were about 100 on the overland train who suffered

injuries to those who were standing at the time of the impact.
The funeral of Franklin will be held Wednesday morning at 10:45 at Christ Episcopal Church. Classes will be dismissed during the service, and it is expected that the entire faculty and student body will attend.
Fallbearers will consist of Charles Hagler, Fred Huntington, Victor Ribeiro, Frank Bunker, Graham Hunter and William Law. All are classmates of the deceased, with the exception of Mr. Hagler, who was chosen as a mark of recognition for his efforts in the hope of rendering some service, but he was already a corpse.

TRIBUTE TO DEAD.

SORROW AT OCCIDENTAL.
President Baer paid a splendid tribute at the chapel service yesterday morning to Fred Hodgson and Howard Edwards, the Occidental boys who lost their lives in the Santa Fe wreck on Saturday.

Hodgson was very popular among the students, and although Edwards left Occidental several months ago, he was known to all. The Presbyterian school, Hodgson was the yell leader, and during the recent track meets was conspicuous before the Presbyterian section of the bleachers.

Regular college duties were resumed at the college yesterday, but sadness pervaded the place, and the catastrophe was the sole topic for discussion among the students.

Many telegrams and letters of condolence were received by President Baer this morning. Father Joseph S. Glass of St. Vincent's College, President Gates of Pomona College, and Principal Churchill of Hollywood were among those who remembered the Presbyterian school. In a letter to the school, Shaw, treasurer of the World's Christian Endeavor Union, telegraphed Dr. Baer yesterday afternoon, expressing the sympathy Occidental's friends in the East.

Hodgson's funeral will be held in the Pro-Cathedral Wednesday afternoon, and Occidental will be closed on the day of the services. The Occidental staff and entire student body will attend.

CHILD FALLS INTO FLUME.

Accident Happens at Old Dominion Mine at Phoenix—Other Arizona Happenings.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
PHOENIX (Ariz.), March 24.—F. H. Eddy, a miney in the Old Dominion property at Glendale, was probably fatally, by a premature blast last Wednesday.

The next day the 4-year-old daughter of E. E. Salady fell into a flume that carries water from the pumps at the Old Dominion shaft. She was carried along with tremendous force and then cast from the end of the flume to the ground, twenty feet below. Her little brother grasped her dress, but the cloth was in his hands. At the last report the child is still alive, but her injuries are considered fatal.

Lee Redwine, the defaulting constable of Phoenix, who lately returned here from California, has been found guilty of escaping from jail, a misdemeanor under Arizona statutes, and sentenced to the state prison for a term of 100 days, in default of \$100 fine.

Track-laying has been resumed on the Arizona and California Railroad west from Brayton toward the Colorado, which is to be reached in June. The line now runs for miles of track already is on hand.

By the completion of the Tucson-Benson line of the Consolidated system, a communication may be had between Jerome and Douglas, Arizona, a trunk line that includes Phoenix, Prescott, and Flagstaff, Congress and Prescott, with a branch from Phoenix to Globe and Clifton, by way of the Gila Valley.

The recently completed real estate bill has been adjudged a bankrupt. A petition of four creditors, who were unable to collect, made his father-in-law, D. D. Hornig, a preferred creditor. It is believed that Walker is in Mexico.

The process of liquidation of the Arizona Hardware and Vehicle Company has been concluded by Fred Epstein, representative of the San Francisco Board of Trade. The company, to whom \$200,000 was due, have received 75 per cent. of the amount, and may receive 100 per cent. or more in the future. Practically all of the book accounts of the company were collected.

The Maricopa and Phoenix Railway Company has been used for \$25,000 damages because of the death of Section Foreman E. Minor in June, 1910. The year, through the alleged negligence of section men. Minor was thrown from a hand car, on which he was riding, and was fatally hurt.

The Pope has sent his blessing to the lodges of the Knights of Columbus in Arizona. Another sign of the order is to be installed soon at Flagstaff.

The Associated Charities of Phoenix have been organized with the support of prominent church and business men, and will struggle with the serious question of caring for the destitute invalids who flock to this locality every winter.

The Phoenix lodges of Elks, after two years of a time-bicycling, have sent its troupe to Tucson, Bisbee and Cananea, for a night in each town.

For several months a recruiting station for the regular army has been maintained in Phoenix, with substantial success. The experiment has proved a failure, less than half a dozen recruits having been secured. Capt. Robert C. Wierwille of the Thirteenth Cavalry, who was in charge, has been relieved from the detail and will rejoin his troop. Lieut. F. R. Koney, retired, will close up the Arizona stations and will establish a station at Shreveport, La.

The newspaper men of Arizona have held their annual banquet in Phoenix and have organized anew, with Fred Cleveland of Morenci as president.

Several hundred of the children at the Phoenix Indian Industrial School have been prostrated with measles, almost forcing suspension of the ordinary routine of that institution.

At Tempe last week the Normal School baseball team signally defeated that of the Territorial University in two games. Return game at Tucson resulted in a victory for each of the teams.

WOULD SELL WHEEL FOR SONG.
William Carlin, who says he lives anywhere from 10 to 15 miles from the bicycle store of M. Cohen on East First street yesterday and tried to dispose of the bicycle, of which he is a member, offered a reward of \$100 for information leading to the discovery of the missing man.

NO TRACE OF MEHEGAN.
Every effort to get trace of Edward Mehegan, the Inglewood grocer who mysteriously disappeared, has failed utterly, and his relatives are in despair. Last night the Independent Order of Foresters lodge of Inglewood, of which he is a member, offered a reward of \$100 for information leading to the discovery of the missing man.

VACATION FOR PEDAGOGUES.

Board Grants Them Easter Breathing Spell.

Ask for Almost Million Dollars in Bonds.

Propose to Cut Out Renting of Outside Halls.

All the teachers of the city schools are to have a week's vacation on full pay, beginning at the close of school on April 5, and to continue until the opening of school on the morning of April 15. This action was taken on recommendation of Superintendent Moore, who stated that there is now much money in the treasury, and, as he believes, owing to the unusually long siege of damp weather, and that the vacation will enable the teachers to do much better work in the closing weeks of the term. J. H. Francis, principal of the Polytechnic High School, has given four weeks in which to visit schools in other States.

Superintendent Moore also called attention to efforts now being made by various localities to take away the State Normal school, and declared that it should be removed from the city. It would be necessary to establish a city normal school in order to keep up the supply of teachers. The superintendent and Messrs. Dodge, Page and Quinn were appointed a committee to make a study of the situation, and urge upon them the importance of keeping the school within the limits of the city.

The only applicant before the board for the position of marshal to have charge of the taking of the census, beginning April 15, was Robert F. Hughes, who was unanimously chosen for the place. His salary will be \$3 a day, and that of his chief deputy, \$2.50 a day. When the census deputies will get \$3 per day. He has the appointment of his own deputies.

ASK FOR BOND ELECTION.
Resolutions were adopted requesting an election to be called for the voting of bonds to the amount of \$600,000 for common school purposes, and \$250,000 for another high school. The superintendent was directed to confer with the City Attorney concerning the details of calling the election.

The schedule as submitted by the special committee, proposing to spend the money in the following districts, though this is only considered as showing the greatest needs of the city: Eastside, \$150,000; Bridge street, \$100,000; Seventeenth street, \$100,000; Jefferson and Western, \$100,000; West Park street, \$100,000; Main street, \$100,000; La Brea, \$100,000; annexed section southwest, \$100,000; Slauson and South Street, \$100,000; Fifty-second street, \$100,000; Vernon avenue, \$100,000; McKinley avenue, \$100,000; Twelfth street, \$100,000; San Pedro street, \$100,000; Bridge street, \$100,000; Seventh street, \$100,000; Cornwell street, \$100,000; near Griffin avenue and South Street, \$100,000; Alpine street, \$100,000; Fremont avenue, \$100,000; Casco, \$100,000; Gales, \$100,000; lands in growing parts of city, \$100,000.

The trustees of the McKinley Home were present at the meeting last night in order to consider the proposed inclusion of the list. They have had an independent school district under the management, but when the city annexed the school, the trustees of Education notified them that they would not be permitted to continue the school building, with a dormitory, Valentine Peyton, who represented the school, said they were perfectly willing to go ahead if they were permitted to do so, but if they were not, they stand ready to deed a piece of ground to the city upon which the school building could be erected. The matter was referred to the Building Committee and the superintendent, for report at the next meeting.

CHANGES OF TEACHERS.
The resignation of T. J. Phillips, as principal of the San Pedro street school, brought about the following changes: B. W. Reed was transferred to San Pedro street; R. E. Emery to Second street; W. B. Franklin to Cambria street; Harriet B. Hanlon to Avenue 23; Myra King, acting principal at Avenue 23.

Other transfers were as follows: Bertha McGuire, to Temple street; Helen Boice, to Berendo street; Josephine Hixley, to McKinley Home; Louise Gilford, to Fremont avenue; Ethel Van Dusen, to Logan street; Marion Harbour, to Twentieth street; Mrs. Mary A. Davis, to the Polytechnic High School; Edith E. Lewis, to Thirty-fifth avenue; Hannah Buckley, to Fifty-second street; Ada Crawford, to Ninth street; Edna Locke, to Broad street; Mrs. Gertrude Bolton, to First street; Laura B. Bennett, to Washington street. Transferred from substitutes to regular list: Gertrude M. Ellis, Edith M. Graves, May Buchanan, P. Elizabeth Webster, Florence E. Ringle. Elected as substitutes: Dora L. Damsch, to the Polytechnic High School; Doretha McGuire, Eileen Shea, Miss C. V. Burgess.

COMMENCEMENT HALLS.
It was decided to rent Temple Auditorium for the High School commencement exercises, and the new shrines' Auditorium for the Polytechnic High School commencement, with notice to all concerned that upon completion of the auditorium now being erected at the High School, the renting of outside halls for commencements will cease.

The use of the Polytechnic Auditorium was granted to students for the annual oratorical contest, on Friday evening, May 16. The contestants will be the two High Schools, Occidental College and the University of Southern California.

Secretary Averill stated that he had been promised the report of the City Attorney on the subway arbitration matter, but the papers had not come to hand.

WANTED FOR EMBROIDERY.
H. E. Brown, said to be wanted in Carson City, Nev., on a charge of embezzlement, was arrested in Long Beach yesterday. When released, the bicycle man took the bicycle to his possession several hundred dollars worth of greenbacks. He will be taken back to Nevada by Sheriff Kinney of Carson City, who yesterday telegraphed instructions to the local police, who will hold the suspect.

ROB MAIL BOX.
Robbers broke into a mail box at Marjorie avenue and Mission road yesterday afternoon, with a hammer, and looted the contents. The Federal authorities have taken the case in hand.

HAND TELLS SECRET?

(Continued from First Page.)

and Fourth streets, and that was Tuesday, a week ago. She saw him slip down one step of the spiral staircase, and thought he had gone to sleep.

The next persons to see him, and admit it, was a man who came to the Emergency Hospital, very pale, saying that there was a boy in a fit on the sidewalk around the corner. The man said he knew nothing more, and would not give his name.

In the pocket of the boy, when he was taken to the hospital, was found a slip of paper with a name and address, Matt Sievelow, No. 214 Boyd street. It is this Russian boy, together with Wesley Shriver, whom Louis Staffer declared had threatened him with dire consequences if he should tell in the juvenile court anything about their doings. He has said to his stepmother, that they assured him they would put all the misdeeds on his name, and wear him into Whittier, if he so much as mentioned their names.

Those who have been close to the boy through the days and nights of the gradual ebbing of his life, knowing what facts there are to know, believe the boys found Louis and terrified him with some story of others seeking him, sending him to hide on the disused upper landing at the lodging-house. There, fasting and feverish, he may have lain through the two days of his disappearance, till delirium came on. Some one might have found him with some story of others seeking him, understanding, and handled him roughly. Some one, assuredly, carried him down that winding stairway. Perhaps then, and only then, they found the boy was dying and not drunk.

But that is only guessing. The mystery remains, and into the mystery of death it seems, Louis Staffer will try the mystery of the causes of his death.

SHRINER SEATS IN DEMAND.
The sale of seats for the Shriner's Circus opened yesterday morning at Birke's music store, and despite the miserable rainy weather, the inquiries made by purchasers of tickets indicate that the impression prevails that the show is for Shriner's only, but such is not the case. The show, which promises to be a first-class entertainment, is open to everybody who buys, beg, borrow or "bump" a ticket.

EXTRAORDINARY EMBROIDERY SALE WEDNESDAY MORNING.

VILLE PARIS 312-323 S. Broadway 324-325 S. Hill, ST. LOS ANGELES CAL.

Extraordinary Embroidery Sale

25c Yd.

Through an error, we announced in The Sunday Times the Embroidery Sale for Friday morning in place of Wednesday, March 27, at 8 a.m., when it will place on sale an immense line of fine Embroideries, including Inserting, Edging, Gallons and Medallions. Goods worth up to \$2.25 yard, at the remarkably low price of

25c Yd.

The goods are sold in strips only, 1 1/2 to 6 1/2 yard lengths. No telephone, mail or C.O.D. orders will be recognized, for the sale of goods. Extra salespeople and counter space have been provided for the sale. Remember! Tomorrow this sale begins—at 8 a.m.

Beverly Hills

With customary progressiveness Los Angeles has responded to the demand, and supplied suburban subdivisions that rank with any in America, culminating in point of luxury and conveniences with the palatial district known as Beverly Hills.

The success of such a district was assured from the start, but the success has come even faster than was anticipated.

An important advantage is the excellent car service. Beverly Hills is now reached by the Santa Monica line via Sawtelle, Westgate line and Hollywood through line, while the Harriman subway will bring it within 15 minutes of the business center.

WIFE ON ROAD PROVES RUIN

Waller Baynton Accused of Embezzlement.

Baynton Company Prosecuted Former Auditor.

Arrested on Return from Trip to Cuba.

Waller S. Baynton, a member of one of the well-known families of Los Angeles, was arrested yesterday by Sheriff Claude Mathewson on a charge of embezzlement preferred against him by the Edison Electric Company.

Baynton is said to be short about \$100,000 in his accounts as cashier of the Edison Company. He is believed to have taken a week ago from Cuba, where he has been in hiding, and his arrival was ascertained by Sheriff Mathewson, who had been waiting for him at the depot.

Baynton has lived here all of his life. He entered the employ

ON ROAD PROVES RUIN.
Baynton Accused of Embezzlement.
Company Prosecutes Former Auditor.

Baynton, a member of one of the well-known families of Los Angeles, was arrested yesterday by Sheriff Claude Matheson on a charge of embezzlement. He was taken to the County Jail and is now being held there. The charge is that he has been misappropriating funds of the company of which he was formerly auditor.

Baynton, who had been watching for an opportunity to make good, was arrested yesterday afternoon at his home, No. 1000 Wilshire avenue, and taken to the County Jail. He is now being held there. The charge is that he has been misappropriating funds of the company of which he was formerly auditor.

FIREMEN KNOCK DOWN.

Sustain Electric Shocks While Fighting Blaze Which Threatens the Ramona Block.

For a short time after the discovery of fire in the basement below George L. Banister's jewelry store, No. 509 South Spring street, last night, the general opinion of the firemen was that the Ramona block would be gutted. Prompt and effective fire fighting prevented much loss. Crossed wires in a darkroom in the cellar were found to have caused the fire. The damage will not exceed \$300.

A Japanese boy passing along a court at the rear of the Ramona building about 8:15 o'clock noticed smoke issuing from the basement. He told a saloon man, and a chemical engine was called. All attempts to gain entrance through the rear door were of no avail, and the front doors of the jewelry store were forced open.

As the flames were gaining much headway, another alarm was turned in. Preparations were made to break into other stores in the building, and to clear the Hotel Ramona. The men directing the first line of hose were knocked down several times by electric shocks.

When the fire was under control it was found that L. Wells, proprietor of a photographic supply store, and George L. Banister were the chief losers.

MR. YEE LUNG MUST GO OUT.

JUDGE WELLBORN'S VERDICT IS AGAINST CHINAMAN.

American Wife's Aunt Makes Stormy Scene in Court, and Is Revived in the Marshal's Office—Case Prosecuted Vigorously by Federal Authorities for a Year.

Yee Lung, the Americanized Chinaman, who, for a year, has made a bitter legal fight against deportation—incidentally marrying a white girl—lost the final battle yesterday afternoon. Judge Wellborn, in the District Court, affirming the disputed verdict of the United States Commissioner.

Mrs. Lung, nee Miss Emma Culver, restrained her emotions to a very good degree, and though she was evidently much affected by the verdict, had steeled herself against any outburst. Mrs. Diphau, New Testament Mission worker, and aunt of the Chinaman's bride, collapsed utterly, and did the melodrama in the younger woman's stead. After a tempest of violent sobs and moans, she fainted, and was revived in the Marshal's office.

Lung may still appeal to the Circuit Court of Appeals, but the local court officials doubt if any such move will really be made, for, say they, it would only result in another delay, and end with the same verdict. Lung's wife has affirmed her intention of standing by her husband, even if it involves going back to China with him.

Lung was arrested one year ago next month, while employed at the Abbotsford Inn, corner of Eighth and Hope streets. At the time of his apprehension, he was a vegetable washer. His certificate was found to be forged. Concerning its possession the Chinaman made many conflicting statements, once vowing that he had witnessed the Federal officers sign it on a certain date—watch proved six months beyond the time limit for the making of such certificates.

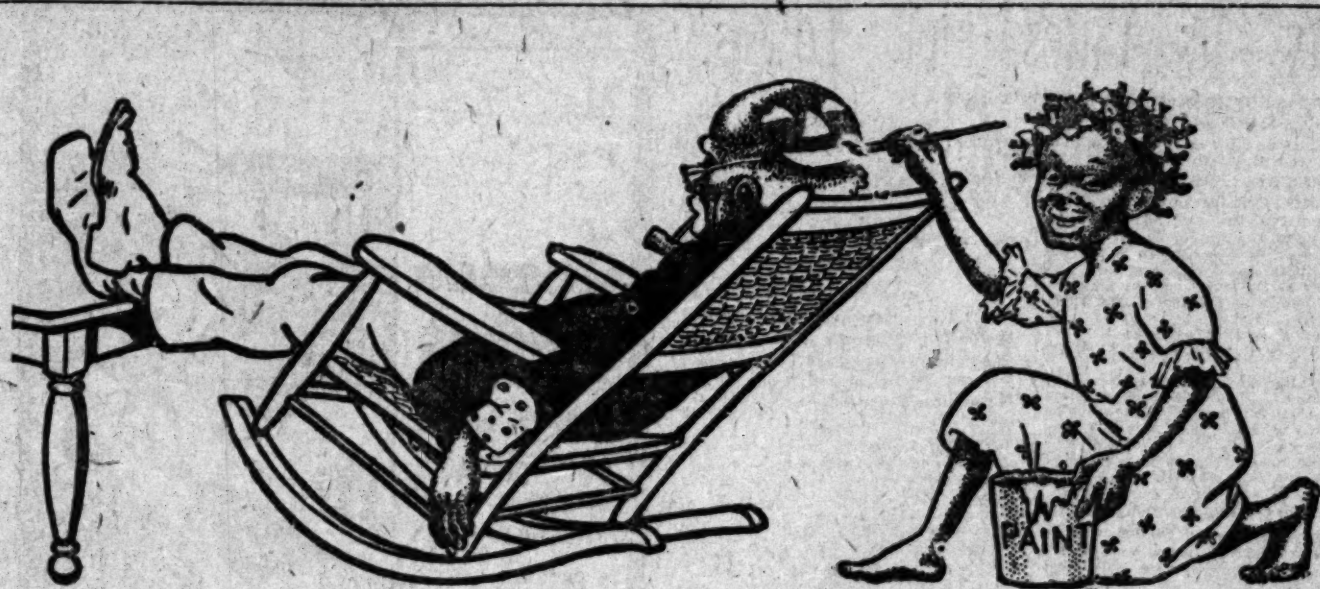

On the stand yesterday he denied much of his first testimony, and even the matters on which he had been positive at his hearing before the commissioner. A number of women who work among the missions and in the charity corners of the city have interested themselves in Lung's case from the start, and were present at his trial yesterday.

Lung was married only a short time ago, and his wife is at present living in Monrovia. His chaplains make him out a persecuted, high-bred Chinaman of gentlemanly instincts and Christian beliefs; the immigration officers regard him merely a coolie of unusual swiftness, who sneaked across the Mexican line in the customary manner, and who has since been clever enough to fool many well-meaning people.

BURIAL OF W. A. COOPER.
The funeral of William A. Cooper was held yesterday at the Pico Heights Congregational Church, the services at Rosedale cemetery being conducted by members of South Gate Masonic Lodge. The deceased was a native of Michigan, and was aged 61 years. For ten years he was chief clerk for the Santa Fe at Topeka, coming to this city in 1905, as assistant manager of the Los Angeles Terminal Railway. Of late years he has been heavily interested in the Pacific Cement and Plaster Company. He was known as a progressive and public-spirited citizen.

BIG DAY'S CONTRACT.
Today the Young Men's Christian Association will make its one-day campaign for 1000 members. A hundred boomers will be turned loose to get ten names each, and they will have a grand round-up at the association rooms tonight.

BOY IS MISSING.
Floyd Carter, aged 15, No. 715 Clanton street, is missing. He is believed to have run away. The lad wore a dark coat and blue overalls when last seen. The police are searching for the young boy.

Kornelia Kinks with genius great
Displayed her skill on her grandpa's pate.
When next he eats—Oh! poor old coon,
He won't know where to thrust his spoon.

"Korn Kinks" is good for the memory. That's true because it strengthens mind and body—no food is so strengthening and sustaining as corn, and "Korn Kinks" is malted corn prepared in a way that makes it most delicious and easily digested. Only 5c. at your grocer's.

Mennen's Toilet Powder

Is the pattern powder for the imitations and substitutes glibly described as being "as good as Mennen's." The utmost that any imitator can do is to counterfeit the external appearance of Mennen's product. The powder itself cannot be imitated because both the ingredients and the process of manufacture are the secret of the Mennen Company.

To prevent imitations of the Mennen package the Mennen Company has invented the "box that box"—a box that cannot be refilled with an inferior powder to be sold as "Mennen's."

Buyers of Mennen's Borated Talcum Powder can always protect themselves from fraudulent substitutes and worthless imitations by insisting on Mennen's "the box that box."

Have you tried Mennen's Violet Borated Talcum Powder? Ladies' toilet powder will find Mennen's Violet Talcum Powder with the odor of fresh-picked Parma violets. For sale everywhere for 25 cents. By mail, postpaid, on receipt of price. Sample free.

BELOVED WOMAN PASSES AWAY.

MRS. LILLIAN SHERRY DIES AFTER LONG ILLNESS.

Her Thoughtfulness and Unselfishness Won for Her Host of Friends—Insurance Man Apparently Insured Some of Pasadena's Streets in Bad Condition.

Office of The Times, 20 N. W. & Raymond Ave. PARADISE, March 25.—Mrs. Lillian Sherry, wife of Dr. Henry Sherry, and one of the most beloved women of this city, passed away at her home, 700 40 South Fair Oaks avenue, at 4:30 o'clock yesterday afternoon.

Mrs. Sherry had been for years a resident of Pasadena, and formerly was very prominent in church matters. She was a member of the Episcopal church, and since coming to this city had been a member of All Saints. Though of late years her health had not been so good, she was active in the work of the church, and was always willing to lend her aid in any way.

Mrs. Sherry bore up bravely under her sufferings. She was never too ill to think of other people, and never lost her loving disposition under her affliction. Mrs. Sherry leaves, besides her husband, two children, a daughter, Mildred, and a son, LeRoy. She was a native of Illinois, and at the time of her death was 47 years old.

The funeral arrangements have not been made, and will be announced later. LeRoy Sherry is a student of the University of California. He was notified yesterday afternoon of his mother's death.

DRIVER'S NARROW ESCAPE. Leonard Hargrave, a driver for the Hargrave Creamery Company, was the victim of a serious runaway accident yesterday morning. Fortunately, the man escaped with a few minor injuries. The mishap took place on Colorado street. Hargrave was driving into the wagon when the horse bolted down the street. The driver tried to seize the reins, but caught his foot in the wheel, and was thrown heavily to the ground. The wheel passed over him, and witnesses thought that he had been killed. The horse was stopped near the Hotel Maryland. The wheel was the only damage to the wagon.

MIND DERANGED. J. M. Beck, well known as a local insurance man, has been taken to the County Hospital, where his sanity may be inquired into. For two days the unfortunate man wandered in the streets near Sierra Madre, while a large posse was trying to locate him. For some time Beck has been suffering from mental derangement, and he was sent to a sanatorium in the hope that he might be benefited. He became worse, however, and was decided to send him to the County Hospital for treatment. Saturday night he slipped away from his attendants, and it was not until yesterday that he was captured.

CHILLY SPOT IS VENICE PLUNGE.

ROW PUTS BATHING PAVILION OUT OF COMMISSION.

Abbot Kinney Company Shuts Off Heat—Suit Pending—Japanese Aerobats for Jamestown Exposition Refused Admittance to Country. Mardi Gras Preparations.

VENICE, March 25.—The latest development in the Venice bath-house quarrel between the Abbot Kinney Company and its lessees, Messrs. Reynolds and Hakely, came this morning, when both the hot salt and fresh water were shut off from the bathing pavilion. This leaves the 654 bath-rooms out of commission, except for those who enjoy a cold swim. The salt water plunge in still heated by the immersion of the power-house, but the bath-house is without heat, electric lights or hot water. Meanwhile the suit is pending.

WRESTLERS HELD. Yamaoto Kushiaki, merchant of Venice and commissioner of the government of the Mikado to the world's fair of recent date, is greatly exercised over dispatches received today by him from Seattle, where he is held by the immigration officers of the government. Kushiaki believes he will be able to secure their release, but feels that the recent school incident at San Francisco and the prejudice against the Japanese race is in a measure responsible for the trouble.

COMING MARDI GRAS. Venetians and members of the Louisiana societies of Southern California are already busy with preparations for the Mardi Gras. This affair is something entirely new for the southern coast, and is expected to attract an attendance of from 40,000 to 60,000 visitors during the week of the festival, which is April 23-30. The affair, which is to be conducted directly under the auspices of the Louisiana Society of Los Angeles, will be a grand affair, and is expected to be a success.

CHAOS SHOWS IN SCHOOL FIGHT. SUPERINTENDENT TO RETIRE IN LONG BEACH. Prof. Morgan Authorizes Announcement That It Seems Best for Him to Say That He Will Not Be a Candidate for Re-election as Head of Schools There.

LONG BEACH, March 25.—Prof. J. J. Morgan, supervising principal of the Long Beach schools, has authorized the announcement of his resignation, which is accepted as meaning that he will soon retire from his position. He says that "believing that the best interests of the Long Beach city schools would be subserved by a change in supervising principals, and feeling that it takes years to overcome the bitterness aroused in a school fight," it seems best for him to say that he will not be a candidate for re-election as superintendent.

CONTRACTORS CARELESS. There has been considerable complaining of late concerning the condition in which builders are leaving the streets in front of structures which are being erected. Several accidents have been reported as the direct result of unclean streets, and an effort is being made to have rubbish cleaned up as soon as the completion of buildings will allow.

TOTAL INCREASING. The total rainfall for the present season amounts to 210 inches, bringing the season's total up to 25 inches. Since the record was taken, at 5 o'clock yesterday afternoon, there has been more rain, and it is estimated that the thirty-inch mark will probably be passed before the end of the storm.

YOU WILL make a great mistake to go East without passing through Salt Lake City and over the wonderful mountains in Colorado.

If you join a personally conducted Judson Tourist Car Party you see it all, and it is all explained by the special conductor in charge. Drop me a postal or call and I will give you some interesting information.

H. C. WARDEN, Agent, 109 Silman Block, 3rd and Spring Sts., Los Angeles.

TRIES TO DROP HANGING TOWN. WOMAN'S KNIFE OUT FOR HUNTINGTON PARK. Brings Suit Against Several Men for Alleged False Imprisonment and Bases Her Claim on the Contention That the City Has No Corporate Existence.

HUNTINGTON PARK, March 25.—The corporate existence of this town is hanging in the air and a woman is trying to cut the string. The city assessment is at a standstill and the wheels of other branches of the municipal machinery have ceased to whirl.

KILLS HIMSELF. STOPS ARREST. SUICIDE OF ALLEGED INSANE MAN IN ALHAMBRA. Officer Who Attempts to Take Him Into Custody on a Lunacy Warrant Is Killed With a Gun Which the Man Succeeds in Ending His Own Life.

ALHAMBRA, March 25.—A. P. Mann, a well-to-do citizen of Alhambra, killed himself today with a revolver. Mann was an officer who attempted to arrest a man who had been shot and killed himself today with a revolver. Mann was an officer who attempted to arrest a man who had been shot and killed himself today with a revolver.

NOVEL BUNGALOW. Santa Monica is Using Asbestos for All Exposed Surfaces, Including Roof. SANTA MONICA, March 25.—M. Overton is building a novel bungalow on Hollister avenue, and should it prove a success he will have many imitators. The house is two stories and contains eleven rooms. It is unique because asbestos is used wherever it can be substituted for the material commonly utilized. The hazard from destruction by fire is reduced to the minimum, while the cost of construction is not increased.

STREETS IN BAD SHAPE. The condition of some of the city's streets since the rainy weather has set in has been the cause of much complaint. With the exception of those highways which are paved or oiled the streets have been in very bad shape, and many of them have been almost impassable for several days. In many parts of the city the character of the ground is such that the last rainfall churns up a sea of mud.

Free from Alcohol. Since May, 1906, Ayer's Sarsaparilla has been entirely free from alcohol. If you are in poor health, weak, pale, nervous, ask your doctor about taking this non-alcoholic tonic and alternative.

Uneeda Biscuit. Says I to myself says I—they only cost five cents a package. NATIONAL BISCUIT COMPANY.

YOU WILL make a great mistake to go East without passing through Salt Lake City and over the wonderful mountains in Colorado. If you join a personally conducted Judson Tourist Car Party you see it all, and it is all explained by the special conductor in charge. Drop me a postal or call and I will give you some interesting information. H. C. WARDEN, Agent, 109 Silman Block, 3rd and Spring Sts., Los Angeles.

Half Acres. \$10 down, \$10 monthly. Sandy loam soil. T. W. WISEMAN, 310 WEST FOURTH STREET, HOME ASIA.

POINTS TO CONSIDER
Property, Mineralization, Management
THE JOSEPH BALL COPPER COMPANY
has an estate of \$200,000.
A four-foot vein of copper ore has been opened that averages 100 feet in length. The copper content of the vein has been traced for over a thousand feet. There are other veins on the property that indicate the existence of very large ore bodies. In addition to the copper ore, a vein of asbestos has been opened and the company has a large valuable asset in the standing timber on its estate.
The management will spare no effort to make a paying mine in the shortest possible time and two of the 45 cent allotment is being recommended its purchase. Before shipments are made, the company is certain.
